21 Kleenex her that's your mom Kleenex but there is some more Kleenex if you need
 23 it. Um before you called 911 what I'd like you to do is go back to about 4 o'clock
 today 3 o'clock today start at 3 o'clock and tell me what happened from 3 o'clock on
 25 talk about what you did where you came home, just start it a 3 o'clock
 time line so we can kinda get a picture of what's happening before ah you called.
 AR: Ok I was at my mother's work I was cleaning Daylyn car and my dad came over
 27 in her car and told me and Daylyn that I shouldn't be hanging around her cause my
 dad doesn't like me hanging out with these older people and .

31 AR: So I was done that Daylyn she was supposed to but we walked went home and he
 had all this stuff planned and he bought everything from home buy he was buying
 33 things from Home Hardware that he wanted to buy lawn patio and he was going do
 this weekend cause its May long and ah after that we caught a cab for home and
 35 I decided to walk back home it was rain ah walk back to my mothers work it was
 raining and I didn't really care to much cause it was raining got to my mothers work
 37 I went downstairs and I sat down in the employee room I didn't feel like bugging my
 mother cause she was at her place of work and that's when I got bored sitting there
 39 so I went and sat in Daylyn's car and mother came in there and mother came in
 there and said Angel you have to go urgently your dad Joseph would like you to be
 41 home, so I went home and started off normal I walked in he wasn't there I found that
 very odd

43 RD: About what time was that?
 AR: I can't tell you the exact time cause I didn't look at the clock so I couldn't
 45 guesstimate what time it was so I walked in didn't see him there, you know I didn't
 47 think much of it but I thought it was kinda of odd cause he's usually home when ever
 I am there so I found it odd and I just walked in music was playing everything and
 49 I just started cleaning the house as best as I could and I did the dishes cause it was
 51 dirty and went in my room started listening to music and just trying to relax through
 the whole stressful cause I was at my moms work he kept on calling trying getting
 me to go back home all the time.

53 RD: Who did?
 AR: Joseph he was calling my mothers work constantly, my mom if he would have kept
 55 calling she would have got fired so that's why I went home and he came home and
 57 he was drunk so I didn't really care or ask why he was but he was laying on the
 couch and he asked me to come over and see him cause usually he tell me he
 59 stresses out about a lot of things and tells me what I am suppose to do, and what
 I am not supposed to do and how I am supposed to live my life and what I am not
 61 supposed to do and usually almost every day when he's drunk, well he's not drunk
 every day but when he is always goes on about the same thing lives in the past a
 63 lot um so I just freaked out cause I was making my bed cause I wanted to make my
 bed I was changing my sheets and I responded in a rude way and he came into my

off my pants that's when I had all my clothes off and I was so scared cause I knew he was going to touch me and he was going to have sex with me and I was scared. My mom came home and he told me if I told my mom he'd kill me. While all this was happening all I was thinking was mom help me I just felt helpless and thats all I can remember of what happened.

RD: When your mom came home what happened next?

AR: Seen my dad standing in front of her not the doorway of our back door we have this

kinda like a door way that connects the kitchen and the living room together, seen him standing there and my mom said what happened you know she was mad and you know she heard me crying and she's like Joseph what happened he didn't

saying anything mom walked in my room I had my knees to my chest and I was covering up my body best that I could, I was stuck in that spot cause I couldn't

move, she asked me what was wrong she asked me that about three times she started getting louder and louder every time Angel what's wrong,??? told her

happened that's when my mom told me to get dressed and I seen Joseph in the doorway and standing my mom was sitting on my bed my mom was telling me

Angel just get dresses she's like you Joseph get out of her room get out you don't need to watch her get dressed get out of her room go and she was getting really

angry really angry and so he left. And I got dressed before I had my t-shirt on I called the cops I had my I had the phone in my room cause my mom just recently

had called me and asked if my dad was home yet cause he's at a friends house, so I left the phone in my room it was in my closed I picked it up and I called 911. I can

remember I was just crying a lot silence in the beginning I was almost about to hang up I was considering to and she asked me what my emergency was she started

listing of do I need and ambulance, police I said police cause I was crying, and she asked me where I lived I told her I lived at 4816 53 street she asked me the town

I said Athabasca and Joseph walked in right about the time I was putting on my shirt and I hung up and my mom said who was that and I said it was Daylynn I lied and

my mom's like why are you talking to her, its like she just wanted to know how you are doing she wanted you to call her back and mom grabbed the phone and said

ok I will call her back later, she looked at the phone seen who I recently called she seen 911 and knew, my mom didn't say it out loud cause Joseph was behind her

she asked me silently if I called 911 and I said yes and my mom's like ok

RD: What did you tell your mom?
AR: I told my mom that my dad Joseph that he wanted to suck me out she asked me

what did he do to you? She asked me did he do that she like what. He was touching me on my top part and fingers in my vagina and I told her he was sucking

my boobs. That's when she freaked out.

RD: Ok what happened next?
AR: My mom closed my door and she went out she was talking to Joseph and she was

155 RD: How was he dressed when he came into the room?
AR: He had a t-shirt on with shorts and he had it off

157 RD: What do you mean?
AR: He pulled it off

161 RD: Pulled what off?
AR: His t-shirt

163 RD: What was under his t-shirt
AR: Nothing

167 RD: What about his shorts?
AR: His shorts were on

171 RD: Were they on close on or
AR: They were on closed

173 RD: Did he make you touch him?
AR: No

177 RD: When he was touching you Angel where were you?
AR: What do you mean?

179 RD: When he was touching you're your breasts or your vagina where were you in the room?
AR: On my bed

183 RD: Describe how you were on your bed?
AR: Laying down

185 RD: And where was he?
AR: He was laying on his side somewhat ??? on me on his side

187 RD: You said he took off his shirt, what did he do with his shirt?
AR: Um the bed beside him, he had all my clothes off his body was on me but his shorts

191 AR: Um the bed beside him, he had all my clothes off his body was on me but his shorts were still on

193

RD: Describe that, paint that picture for me tell me what you mean by he was on top?
 AR: I know its difficult but I need to have that information
 AR: My legs he had forced them open he was playing with me ?????1 knew what he was going to do but my mom walked in

RD: And then what happened?
 AR: And just like that he was out of my room

RD: Has this ever happened to you before with him?
 AR: Never, this is the first time

RD: Has he acted in a manor that when you look back there might of been a time that he was acting off or strange or is this like never before and all of a sudden do you know what I mean?
 AR: Ya there has been a time numerous occasions I don't know my mom or I would make of it or anybody would make of it but numerous occasions he told me he loved me with an intensity that wasn't right that he wished that he could go back and be 15 again. I always knew he didn't mean he loved me like his daughter.

RD: Why?
 AR: Just the way he said it, he's always say I love you with an intensity or not in a good way not the way a father should love a daughter.

RD: Did he say that in front of anybody else?
 AR: Never, once thought my mom was playing her game and he said that and my mom was playing her game she didn't pay attention cause she was playing Donkey Kong ??? my dad pulled me close and told me that

RD: When did that happen?
 AR: The day and time I couldn't tell you, maybe last month some time.

RD: Ok has there been any physical contact that you felt was a little inappropriate in the past?
 AR: Uhuh

RD: Nothing that would give rise to what happened today?
 AR: Uhuh

RD: 231
 RD: Ok if your mom did come home what do you think might have happened?
 AR: He wanted to have intercourse with me

RD: 233
 AR: He told me if I told my mom he would kill me, that's when I was I just started crying

RD: 235
 AR: Did he say anything to you prior to your mom coming in?

237 I was scared.

239 RD: Ok that a lot of information thanks, you know I need to get the hard stuff out and in the open. I've asked you some questions and you've told me lots of stuff Angel is there anything else you think might be important that I didn't ask or that came up?

241 AR: I just gotta think cause yes there has been I kinda like I can't quite remember so I don't know he's some times pulled me a little to close when he's had a drink, when we were living in the apartment he was like that a lot and sometimes he would come into my room, but I would always freak out and my mom would some times be sleeping or she'd be up already getting him out of my room freaking out on him. There were times where I freaked out on him for being in my room I always I always stressed that to him

243 AR: Ok

251 AR: Cause he's a step dad he's not supposed to do stuff like that and you know he's coming in my room blabber on and or say I just want to lay with you I miss you your growing up to fast.

253 RD: Have you showered since this incident?

255 AR: No

257 RD: When you say that he sucked on your breast which one or both, the left one?

259 AR: Yes

261 RD: Ok would you consent to a nurse taking a DNA swab from your breast where he did that?

263 AR: Yes I do

265 RD: Ok

267 AR: I will

269 RD: Is there any other areas where he had contact with his mouth with you?

271 AR: No

273 RD: No ok alright anything else you want to mention to me

275 AR: No
